

This PDF (generated from LibreOffice 5.1.4.2) demonstrates some text that can be redacted.

Here are some fake SSNs

**XXX-XX-XXXX**

**XXX-XX-XXXX 473-58-0972**

And some more with common OCR character substitutions:

**256-08-8733 494-19-3216 XXX-XX-XXXX 5o7-22-3536 298-66-687i**

**Here's an XX character in both fonts so that substitution works.**
